

# OWEN RUMMAGE

High School Student

hello@rummage.cc

## DESCRIPTION

As I high school student, I have a long road of experiences ahead of me, but I am equipped with a long-standing passion for computer science and business management.

## NOTABLE "HARD" SKILLS

- Programming in Typescript
- Electronics Repair (computer / desktop)
- Microsoft Office
- Microsoft 365 (Azure / Intune)
- Google for Enterprise (Workspaces / GCP)
- Amazon Web Services
- Linux Systems Administration (RHEL/Debian)

## NOTABLE "SOFT" SKILLS

- Problem Solving
- Communication
- Team Leadership
- Collaboration

## WORK EXPERIENCE

### Chief Technology Officer

OneGrid LLC | 2022 to Present

Working as the Chief Technology Officer for my own company. Primarily focusing on business management and corporate infrastructure.

### Junior Technician

Computer House | June, 2022 to present

Repaired computers and sometimes helped in the storefront. This helped me learn about business management, salesmanship, customer service, and electronic repair. It also sharpened my skills in problem solving

### Senior Engineer

Innatical LLC | 2021

Worked as an engineer overseeing a group of other engineers in project management and guidance. This sharpened my engineering and programming skills along with my problem solving abilities.

## EDUCATION HISTORY

### Hillwood High School

Enrolled since 2021, graduation expected 2023

- Lead of the Robotics Team
- Engineering Student of the Month

### JT Moore Middle School

Enrolled from 2015 to 2018

- President of the Robotics Club
- First 5th grader on the TV Show Team
- Head of the AV Production Team
